All tracking on JIRA

The screenshot displays the JIRA interface for a project named 'Compass'. The main view is the 'Deployments' page for issue 'DEVOPS-5'. The issue title is 'Add another network array to cluster 7Z.05 in Andromeda.' and its status is 'Done'. The assignee is Taylor Pechacek.

Below the issue details, there is a 'Development DEVOPS-5' panel showing deployment history across different environments:

Environment	Pipeline	Deployment	Status	Updated
Production	Prediction Machines: BR...	12	Successful	2 months ago
Staging	Prediction Machines: BR...	12	Successful	2 months ago
Testing	Prediction Machines: BR...	12	Successful	2 months ago

On the right side, a summary box for 'DEVELOPMENT' is highlighted with an orange border, showing:

- 3 commits (2 months ago)
- 1 pull request (MERGED)
- 1 build
- 1 release (Production)

Release時驅動Jenkins Deploy

The screenshot shows the Jenkins web interface for a specific build. At the top, the Jenkins logo and name are visible on the left, and a search bar with the text '搜尋' is on the right. Below the header, a breadcrumb trail shows 'Dashboard' > 'MAVEN_NoJFrog' > '#13'. A left-hand navigation menu contains several options: '回到專案' (Return to project), '狀態' (Status), '變更' (Changes), 'Console Output', '編輯建構資訊' (Edit build info), 'Delete build '#13'', '參數' (Parameters), 'Git Build Data', '前一次建構' (Previous build), and '下一次建置' (Next build).

The main content area displays the build status as '建構 #13 (2021/12/23 上午 07:31:41)' with a green checkmark icon. Below this, the 'Changes' section lists four items:

1. DEV-7 commit ([details](#) / [bitbucketweb](#))
2. add jquery resource ([details](#) / [bitbucketweb](#))
3. update yml file ([details](#) / [bitbucketweb](#))
4. DEV-9 Commit connect issue ([details](#) / [bitbucketweb](#))

A yellow highlight is present under the text 'JIRA Status Transit Auto Trigger'. Below the changes, the 'Revision' is shown as '89359b3994ebf9c9b94e1b2b240f50fd203d4c8a' and the 'Repository' is 'https://vic0315@bitbucket.org/vic0315/maven.git'. A list of branches includes 'refs/remotes/origin/master'.

Thank You

The background features a series of overlapping, wavy lines that create a sense of depth and movement. The lines are rendered in various shades of purple, blue, and pink, with some lines appearing as thin white outlines against a darker background. The overall effect is a modern, digital aesthetic.
